NOTE FOR: Chairman, National Intelligence Council
SUBJECT : Advanced Technology Competition

Harry,

Thank you very much for the terms of reference for the NRC panel on advanced technology competition and industrial allies. I have a substantial interest in this subject. If you receive any of the product of the panel as it proceeds, I would be most grateful if you could pass copies along to me. If you are not going to have a continuing personal involvement, I would be happy to write a note to Ann Keatley, the NRC project director, to ask for her assistance.

Again, thank you very much.

Les
